

RMGS STRATEGIC PARTNER PORTFOLIO

Small Business Leadership | Governed Partnerships | Scalable Mission Delivery

WHO WE ARE

RMGS serves as the **execution backbone** across its Mentor-Protégé and Joint Venture portfolio, providing disciplined program management, mature systems, and delivery continuity while preserving small business leadership. Through established compliance infrastructure, cleared staffing pipelines, and global logistics capability, **RMGS reduces startup, transition, and performance risk** for government customers while enabling responsible scale and surge capacity.

WHY WE PARTNER

- Bring different skill sets together under different acquisition vehicles
- Builds **targeted capability depth** aligned to priority mission areas without diluting accountability or control
- Preserves small business leadership, with partners retaining program ownership and customer interface
- Maintains agile decision-making structures and **reduces execution, startup, and compliance risk**
- Enables responsible scaling and surge capacity
- Reflects a **long term, governed approach** to capability development rather than capture driven teaming

PARTNER	SET-ASIDE	CAPABILITY FOCUS	PORTFOLIO ROLE
Orchid Consulting Group RMGS JV	EDWOSB	Emergency preparedness, resilience, training, and stakeholder driven program delivery.	Expands civilian and homeland support mission to the commercial sector. Ensures delivery with governance led planning reinforced by RMGS execution depth.
Intrepid RMGS MPJV	HUBZone	Program governance, coordination, capacity building, and implementation support for law enforcement, emergency management, and the health sector.	Strengthens multi stakeholder and international program execution with operational realism.
Praetorian Standard RMGS MPJV	SDVOSB	Supporting nuclear facilities and level-4 bio labs. Focused on CBRNE, WMD preparedness, protective security, and high consequence site operations.	Integrates preparedness, exercises, and real-world security execution in regulated, high liability environments.
Makwa RMGS MPJV	Tribal 8(a)	Security cooperation, crisis response, exercises, and OCONUS logistics.	Enables rapid award and overseas execution with prime level governance and immediate readiness.

RMGS STRATEGIC PARTNER PORTFOLIO

Small Business Leadership | Governed Partnerships | Scalable Mission Delivery

ORCHID CONSULTING GROUP – RMGS JOINT VENTURE (EDWOSB)

Delivers **emergency preparedness, resilience, training, and stakeholder driven program delivery** in civilian and homeland mission environments. Orchid leads strategy, governance, and customer engagement, bringing deep expertise in planning, facilitation, and readiness programs that require strong coordination and oversight. RMGS reinforces this leadership with **execution depth, staffing support, and mature systems**, ensuring that preparedness programs are not only well designed but operationally feasible, scalable, and compliant under scrutiny.

INTREPED – RMGS MENTOR PROTEGE JOINT VENTURE (HUBZONE)

Addresses coordination heavy, multi stakeholder programs where governance, integration, and follow through are critical to success. **Intrepid leads program oversight, stakeholder engagement, and performance management**, providing disciplined structure for complex domestic and international initiatives. RMGS embeds execution capability to close the common gap between planning and implementation, **strengthening logistics, staffing, and operational realism** while maintaining HUBZone leadership.

PRAETORIAN STANDARD – RMGS MP JOINT VENTURE (SDVOSB)

Delivers **integrated CBRNE, WMD preparedness, and protective security operations** for high consequence and regulated environments. Praetorian brings operator led, site level security execution and guard force management, while RMGS aligns preparedness planning, exercises, and threat frameworks to real world operations. Together, the JV provides a rare capability to move seamlessly from **threat assessment and readiness validation to disciplined, on the ground security execution**. Also possesses approved secure sites for training and classrooms (approved at JSOC/SOCOM) TSSCI.

MAKWA - RMGS MENTOR PROTEGE JOINT VENTURE (TRIBAL 8(A))

Engineered to execute **high-stakes overseas missions** where speed and security are non-negotiable. Operating under a Tribal 8(a) structure, the Makwa-RMGS Joint Venture delivers rapid contract award capability and streamlined program activation. The JV provides the operational backbone for success: security-cleared personnel, **extensive logistics infrastructure, and battle-tested execution frameworks** honed in global complex threat environments. This partnership excels in the mission sets that tolerate no delay: **security cooperation and training in challenging areas**, OCONUS crisis response operational exercises, and OCONUS logistics under political constraints.
